

Bringing Donations

If you are bringing any items to donate that are valued greater than \$250, please contact Rudy Roberts at rudy@dwellingssnow.com to request a donation letter to present at the airport in Roatan when requested.

If an item may be suspected to be valued at \$250 or more, it may be useful to have a receipt for the item to present.

If you wish to bring additional donations during your travels, medical supplies are an urgent need, particularly right now as the public hospital is currently under construction due to a devastating fire. We strongly recommend coordinating your medical supply donations through [Not Just Tourists](#). This organization has a proven track record, with numerous teams previously contributing supplies to Clinica Esperanza, with whom we have a longstanding and supportive relationship. Your contribution will make a significant impact in addressing the pressing needs of the local community.
